Review report on condensed consolidated interim financial information

To the Board of Directors of
Dubai Financial Market P.J.S.C. (DFM)
Dubai, U.A.E.

Introduction

We have reviewed the accompanying condensed consolidated interim statement of financial position of Dubai Financial Market (DFM) P.J.S.C. (the 'Company') and its subsidiaries (together referred to as "the Group") as of 30 June 2012 and the related condensed consolidated interim statements of income, comprehensive income, changes in equity and cash flows for the six month period then ended and other explanatory notes. Management is responsible for the preparation and presentation of this interim financial information in accordance with International Accounting Standard 34, "Interim Financial Reporting ("IAS 34")". Our responsibility is to express a conclusion on this interim financial information based on our review.

The interim financial information and annual financial statements for the period ended 30 June 2011 and the year ended 31 December 2011 were reviewed and audited respectively by another auditor who expressed unqualified review and audit opinions in their reports dated 28 July 2011 and 28 February 2012, respectively.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34 - Interim Financial Reporting.

* The remaining 33 % is held by Borse Dubai Limited (Note 16).

2 Summary of significant accounting policies

2.1 Basis of preparation

These condensed consolidated interim financial information have been prepared in accordance with International Accounting Standard (IAS) No. 34: Interim Financial Reporting.

The condensed consolidated financial information has been prepared on the historical cost basis, except for the revaluation of certain financial instruments.

The same accounting policies, presentation and methods of computation have been followed in these condensed consolidated financial information as were applied in the preparation of the Group's financial statements for the year ended 31 December 2011.

These condensed consolidated financial information are prepared and presented in United Arab Emirates Dirham (AED) which is the Group's functional and presentation currency and are rounded off to the nearest thousands ("000") unless otherwise indicated.

These condensed consolidated financial information do not include all the information required for full annual financial statements and should be read in conjunction with the Group's consolidated financial statements as at and for the year ended 31 December 2011. In addition, results for the six month ended 30 June 2012 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2012.

2.2.1 New and revised IFRSs effective for accounting periods beginning 1 January 2012

(a) New and amended standards adopted by the group

There are no IFRSs or IFRIC interpretations that were effective for the first time for the financial year beginning 1 January 2012 that have had a material impact on Group's condensed consolidated interim financial information.

(b) New standards, amendments and interpretations issued but not effective for the financial year beginning 1 January 2012 and not early adopted

The Group has not early adopted the following new and revised IFRSs that have been issued but are not yet effective:

	Effective for annual periods beginning on or after
New Standards and amendments to Standards:	
IAS 27, Separate Financial Statements (revised 2011) and IAS 28, Investments in Associates and Joint Ventures (revised 2011) – Revision as required by IFRS 10, IFRS 11 and IFRS 12.	1 January 2013
The amendments to IAS 32, Financial Instruments: Presentation – The amendments clarify the offsetting criteria in IAS 32 to address inconsistencies in their application. An entity will have a legally enforceable right to set off only if it is non-contingent in nature and is enforceable in the normal course of business and in the event of default, insolvency or bankruptcy	1 January 2014
IFRS 10, Consolidated Financial Statements - Replaces the part of IAS 27 Consolidated and Separate Financial Statements related to consolidated financial statements and replaces SIC 12 Consolidation — Special Purpose Entities. Under IFRS 10 there is only one basis of consolidation that is control, for which a new definition has been included.	1 January 2013

2 Summary of significant accounting policies (continued)

2.2.2 Standards and Interpretations in issue not yet effective

(b) New standards, amendments and interpretations issued but not effective for the financial year beginning 1 January 2012 and not early adopted (continued)

New Standards and amendments to Standards:	Effective for annual periods beginning on or after
IFRS 11, 'Joint arrangements' IFRS 11 is a more realistic reflection of joint arrangements by focusing on the rights and obligations of the arrangement rather than its legal form. There are two types of joint arrangement: joint operations and joint ventures. Joint operations arise where a joint operator has rights to the assets and obligations relating to the arrangement and hence accounts for its interest in assets, liabilities, revenue and expenses. Joint ventures arise where the joint operator has rights to the net assets of the arrangement and hence equity accounts for its interest. Proportional consolidation of joint ventures is no longer allowed.	1 January 2013
IFRS 12, Disclosure of Interests in Other Entities - Replaces the requirements previously included in IAS 27 – Consolidated and Separate Financial Statements, IAS 31 – Interests in Joint Ventures and IAS 28 - Investments in Associates. In general, the disclosure requirements are more extensive than the current standards.	1 January 2013
IFRS 13, Fair Value measurement - represents the completion of the joint project to establish a single source for the requirements on how to measure fair value under IFRS. The Standard aims to improve consistency and reduce complexity by providing a precise definition of fair value and improving disclosure requirements for use across IFRSs.	1 January 2013
Management anticipates that these IFRSs and amendments will be adopted in the initial period when they become mandatorily effective. An initial assessment of the potential impact indicates that application of these standards are not expected to have significant impact on amounts reported in the financial statements, but it is expected that additional disclosures will be required.	

3 Basis of consolidation

The condensed consolidated financial information incorporates the interim financial information of the Company and the entities controlled by the Group (its subsidiaries) (together the "Group"). Control is achieved where the Group has the power to govern the financial and operating policies of entities so as to obtain benefits from its activities.

The results of subsidiaries acquired during the period are included in the condensed consolidated statement of income from the effective date of acquisition.

Where necessary, adjustments are made to the condensed consolidated financial statements of the subsidiaries to bring the accounting policies in line with those used by the Company.

All intra-group transactions, balances, income and expenses are eliminated on consolidation.

4 Estimates

The preparation of condensed consolidated interim financial information requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing these condensed consolidated financial statements, the significant judgments made by management in applying the accounting policies and the key sources of estimation uncertainty were the same as those that were applied to the financial statements as at and for the year ended 31 December 2011.

5 Financial risk management

The Group's financial risk management objectives and policies are consistent with those disclosed in the financial statements as at and for the year ended 31 December 2011.

17 Segment reporting

Following the management approach to IFRS 8, operating segments are reported in accordance with the internal reporting provided to the Board of Directors (the chief operating decision-maker), which is responsible for allocating resources to the reportable segments and assesses its performance. The Group is managed as one unit and therefore the Board of Directors are of the opinion that the Group is engaged in a single segment of operating a stock exchange and related clearing house.

18 Non Sharia compliant income

Non Sharia compliant earnings of AED 9.4 million relating to prior years (six month period ended 30 June 2011: AED Nil), as endorsed by the Sharia Supervisory Board of DFM at its meeting held on 21 March 2012 and ratified by the shareholders at the Annual General Meeting held on 15 April 2012, has been appropriated from retained earnings towards disbursement by the Company for charitable purposes on behalf of its shareholders. Based on the ruling of the Sharia Supervisory Board, it is the sole responsibility of the individual shareholders to donate their respective shares of this amount for charitable purposes under the supervision and control of the Company. Accordingly, the amount has been dealt with as an appropriation from retained earnings in this condensed consolidated interim financial information.

19 Approval of the interim condensed consolidated financial information

The interim condensed consolidated financial information for the six month period ended 30 June 2012 as approved by the Board of Directors and authorized for issue on 4 August 2012.
